Subject: Re: question

Joe - if I understand your question correctly, we have the draft cost estimates that are in the Jan 2010 meeting presentation (on the web site under Presentations) that compare the LHCC to 100% T&D. Let me know if this is what you're looking for.

Dave

Subject: question

Dave,

Do you have the projected costs and years to complete comparison associated with utilizing the LHCC vs.the status quo for the different funding scenarios you outlined at the public meeting last Thursday. Basically I'm looking for the resto fo the numbers for Table 1 in the draft ESD.

Thanks,

Joe
